

Health & Safety Commitment

Metallogic Solutions Ltd.

Our commitment

Metallogic Solutions Ltd. is committed to ensuring the health, safety and welfare of all those affected by its activities – including (but not limited to) clients, site personnel and additional third parties encountered in the course of our work or its outputs.

As a specialist technical consultancy, our activities span both office-based work and visits to industrial sites. We take our duty of care seriously across both of our operating environments.

Scope

This commitment applies to all activities undertaken by Metallogic Solutions Ltd., including desk-based analyses, client meetings, laboratory visits and on-site consultancy work at client facilities or third-party locations.

Commitment to health & safety standards

We will:

- Comply with all applicable UK health and safety legislation, including the Health and Safety at Work Act 1974 and its associated regulations.
- Assess and manage the risks associated with our activities before undertaking work, particularly prior to site visits or work in industrial environments.
- Respect and adhere to the health and safety rules, procedures and site induction requirements of any client or facility we visit.
- Maintain appropriate personal protective equipment for the environments in which we operate.
- Not undertake activities for which we are not suitably trained, equipped, competent or insured.

- Report any accidents, incidents or near-misses arising from our activities promptly and appropriately.
- Review our health and safety practices regularly and update them as our activities evolve.

Responsibility

As Director of Metallogic Solutions Ltd., I take personal responsibility for the health and safety across all company activities. There are no employees; all work is carried out by the Director.

The implementation and maintenance of this policy will be reviewed annually and updated as the business evolves.

Risk assessment

Risk assessments are maintained for the principal activities of Metallogic Solutions Ltd. These are reviewed annually and updated whenever the nature of our work changes materially.

All on-site activities will be carried out in accordance with local rules and client-owned risk assessments.

Signature

I, James Lennard CEng MIMMM, as the Director and accountable person at Metallogic Solutions Ltd., undersign this statement:

James Lennard

Director, Metallogic Solutions Ltd.
