

Quality Statement

Metallogic Solutions Ltd.

Our commitment

Metallogic Solutions Ltd. is committed to delivering metallurgical consultancy services of the highest technical standard. We ensure that all advice, analysis and deliverables are accurate, professionally reasoned and fit for the purpose for which they are commissioned.

At Metallogic Solutions Ltd., quality is not an afterthought – it is integral to how we operate across all levels of engagement.

Scope

This policy applies to all consultancy activities undertaken by Metallogic Solutions Ltd.

Commitment to quality standards

We will:

- Deliver work that meets or exceeds the technical requirements agreed with each client.
- Ensure that all findings, recommendations and reports are evidence-based and subject to appropriate review before issue.
- Be transparent with clients where scope, data or access limitations may affect the conclusions we reach.
- Maintain and develop our technical competence through continuing professional development and engagement with relevant industry bodies.
- Respond promptly and constructively to any client concern regarding the quality of our work.
- Review and improve our working practices on an ongoing basis.

Responsibility

As Director of Metallogic Solutions Ltd., I take personal responsibility for the implementation and maintenance of this quality policy.

It will be reviewed annually and updated as the business evolves.

Continuous improvement

We are committed to continually improving the quality of our services. Client feedback, lessons learned from each engagement and developments in metallurgical best practices all inform how we operate.

Signature

I, James Lennard CEng MIMMM, as the Director and accountable person at Metallogic Solutions Ltd., undersign this statement:

James Lennard

Director, Metallogic Solutions Ltd.
